

# Galcanezumab

REJECTED

The Expert Committee, after evaluation, declines to list the medicine proposed in the application.  
The Model List of Essential Medicines reports reasons that Committee Members have identified for denying listing.

## General description

|                            |                                                              |
|----------------------------|--------------------------------------------------------------|
| INN                        | Galcanezumab                                                 |
| Medicine type              | Biological agent                                             |
| EML status history         | Application rejected in 2025 (TRS 1064) for Chronic migraine |
| Therapeutic equivalent for | fremanezumab for Chronic migraine                            |
