

**BCG vaccine**

## Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

## Indications

Need for immunization against tuberculosis

**Japanese encephalitis vaccine**

## Section

Recommendations for certain regions  
All vaccines should comply with the WHO requirements for biological substances.

## Indications

Need for immunization against certain single viral diseases

**Cholera vaccine**

## Section

Recommendations for some high-risk populations  
All vaccines should comply with the WHO requirements for biological substances.

## Indications

Need for immunization against cholera alone

**Dengue vaccine**

## Section

Recommendations for some high-risk populations  
All vaccines should comply with the WHO requirements for biological substances.

## Indications

Need for immunization against certain single viral diseases

**Diphtheria vaccine**

## Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

## Indications

Need for immunization against diphtheria alone

**Diphtheria-pertussis-tetanus vaccine**

## Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

## Indications

Need for immunization against diphtheria-tetanus-pertussis, combined

## Diphtheria-tetanus vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against combinations of infectious diseases

## Haemophilus influenzae type b vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against single bacterial diseases

## Hepatitis A vaccine

### Section

Recommendations for some high-risk populations  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against viral hepatitis

## Hepatitis B vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against viral hepatitis

## Human papilloma virus (HPV) vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against certain single viral diseases

## Influenza vaccine (seasonal)

### Section

Recommendations for immunization programmes with certain characteristics  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against influenza

## Measles vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against measles alone

## Meningococcal meningitis vaccine

### Section

Recommendations for some high-risk populations  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against single bacterial diseases

## Mumps vaccine

### Section

Recommendations for immunization programmes with certain characteristics  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against mumps alone

## Pertussis vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against pertussis alone

## Pneumococcal vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against single bacterial diseases

## Poliomyelitis vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against poliomyelitis

## Rabies vaccine

### Section

Recommendations for some high-risk populations  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against rabies

## Rotavirus vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against certain single viral diseases

## Rubella vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against rubella alone

## Smallpox vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against certain single viral diseases

## Tetanus vaccine

### Section

Recommendations for all immunization programmes  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against tetanus alone

## Tick-borne encephalitis vaccine

### Section

Recommendations for certain regions  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against arthropod-borne viral encephalitis

## Typhoid vaccine

### Section

Recommendations for some high-risk populations  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against typhoid-paratyphoid alone

## Varicella vaccine

### Section

Recommendations for immunization programmes with certain characteristics  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against certain single viral diseases

## Yellow fever vaccine

### Section

Recommendations for certain regions  
All vaccines should comply with the WHO requirements for biological substances.

### Indications

Need for immunization against certain single viral diseases
