

## Model List of Essential Medicines

### **BCG vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against tuberculosis](#)

### **Ebola vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

### **Japanese encephalitis vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

### **Cholera vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against cholera alone](#)

### **Dengue vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

### **Diphtheria vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against diphtheria alone](#)

**Diphtheria-pertussis-tetanus vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against diphtheria-tetanus-pertussis, combined](#)

**Diphtheria-tetanus vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against combinations of infectious diseases](#)

**Haemophilus influenzae type b vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against single bacterial diseases](#)

**Hepatitis A vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against viral hepatitis](#)

**Hepatitis B vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against viral hepatitis](#)

**Hepatitis E vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against viral hepatitis](#)

**Human papilloma virus (HPV) vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

**Influenza vaccine (seasonal)** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against influenza](#)

**Malaria vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain specified single infectious diseases](#)

**Measles vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against measles alone](#)

**Meningococcal meningitis vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against single bacterial diseases](#)

**Mpox vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

**Mumps vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against mumps alone](#)

**Pertussis vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against pertussis alone](#)

**Pneumococcal vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against single bacterial diseases](#)

**Poliomyelitis vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against poliomyelitis](#)

**Rabies vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against rabies](#)

**Respiratory syncytial virus vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

**Rotavirus vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

**Rubella vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against rubella alone](#)

**Smallpox vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

**Tetanus vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against tetanus alone](#)

**Tick-borne encephalitis vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against arthropod-borne viral encephalitis](#)

**Typhoid vaccine [General information](#)**

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against typhoid-paratyphoid alone](#)

**Varicella vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

**Yellow fever vaccine** [General information](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)
