

Liste modèle des médicaments essentiels

BCG vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against tuberculosis](#)

Ebola vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

Japanese encephalitis vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

Anti-rabies virus monoclonal antibodies [Informations générales](#)

Section

Immunologicals > Sera, immunoglobulins and monoclonal antibodies

- Parenteral > Locoregional injections > Intradermal: 40 IU per mL in 1.25 mL vial (human); 40 IU per mL in 2.5 mL vial (human); 100 IU per mL in 2.5 mL vial (human); 300 IU per mL in 10 mL vial (murine); 600 IU per mL in 1 mL vial (murine); 600 IU per mL in 2.5 mL vial (murine); 600 IU per mL in 5 mL vial (murine)

Indications

[Rabies](#)

Antirabies hyperimmune serum [Informations générales](#)

Section

Immunologicals > Sera, immunoglobulins and monoclonal antibodies

- Parenteral > General injections > unspecified: 1000 IU in 5 mL ampoule

Indications

[Rabies](#)

Antivenom immunoglobulin [Informations générales](#)

Section

Immunologicals > Sera, immunoglobulins and monoclonal antibodies

- Parenteral > General injections > IV:

Indications

[Harmful effects of or exposure to noxious substances, chiefly nonmedicinal as to source, not elsewhere classified](#)

Antivenom sera [Informations générales](#)

Section

Immunologicals > Sera, immunoglobulins and monoclonal antibodies

- Parenteral > General injections > IV:

Indications

[Harmful effects of or exposure to noxious substances, chiefly nonmedicinal as to source, not elsewhere classified](#)

Cholera vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against cholera alone](#)

Dengue vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

Diphtheria antitoxin [Informations générales](#)

Section

Immunologicals > Sera, immunoglobulins and monoclonal antibodies

- Parenteral > General injections > IM: 10000 IU in vial; 20000 IU in vial

Indications

[Need for immunization against diphtheria alone](#)

Diphtheria vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against diphtheria alone](#)

Diphtheria-pertussis-tetanus vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against diphtheria-tetanus-pertussis, combined](#)

Diphtheria-tetanus vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against combinations of infectious diseases](#)

Equine rabies immunoglobulin [Informations générales](#)

Section

Immunologicals > Sera, immunoglobulins and monoclonal antibodies

- Parenteral > Locoregional injections > Intradermal: 150 IU per mL in vial; 200 IU per mL in vial; 300 IU per mL in vial; 400 IU per mL in vial

Indications

[Rabies](#)

Haemophilus influenzae type b vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against single bacterial diseases](#)

Hepatitis A vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against viral hepatitis](#)

Hepatitis B vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against viral hepatitis](#)

Hepatitis E vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against viral hepatitis](#)

Human papilloma virus (HPV) vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

Influenza vaccine (seasonal) [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against influenza](#)

Malaria vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain specified single infectious diseases](#)

Measles vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against measles alone](#)

Meningococcal meningitis vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against single bacterial diseases](#)

Mpox vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

Mumps vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against mumps alone](#)

Pertussis vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against pertussis alone](#)

Pneumococcal vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against single bacterial diseases](#)

Poliomyelitis vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against poliomyelitis](#)

Rabies vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against rabies](#)

Respiratory syncytial virus vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

Rotavirus vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

Rubella vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against rubella alone](#)

Smallpox vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

Snake antivenom [Informations générales](#)

Section

Immunologicals > Sera, immunoglobulins and monoclonal antibodies

- .

Indications

[Harmful effects of or exposure to noxious substances, chiefly nonmedicinal as to source, not elsewhere classified](#)

Tetanus antitoxin [Informations générales](#)

Section

Immunologicals > Sera, immunoglobulins and monoclonal antibodies

- Parenteral > General injections > IM: 50000 IU in vial

Indications

[Tetanus](#)

Tetanus vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against tetanus alone](#)

Tick-borne encephalitis vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against arthropod-borne viral encephalitis](#)

Tuberculin, purified protein derivative [Informations générales](#)

Section

Immunologicals > Diagnostic agents

- Parenteral > Locoregional injections > Intradermal:

Indications

[Mycobacterial diseases](#)

Typhoid vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against typhoid-paratyphoid alone](#)

Varicella vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)

Yellow fever vaccine [Informations générales](#)

Section

Immunologicals > Vaccines

- All vaccines should comply with the WHO requirements for biological substances.

Indications

[Need for immunization against certain single viral diseases](#)
