## Summary of evidence and Expert Committee recommendations

In 2015, as part of the comprehensive review of cancer medicines undertaken by the Expert Committee, listing for vincristine on the complementary list of the EML and EMLc for use in treatment protocols for acute lymphoblastic leukaemia was specifically endorsed. The relevant extract from TRS994 regarding the Expert Committee's 2015 consideration of treatment protocols for acute lymphoblastic leukaemia is attached.
