Résumé des preuves et recommandation du comité d'experts

Following recommended changes to Section 22 of the EML, the listings for mifepristone - misoprostol (all indications), and for misoprostol for management of incomplete abortion and miscarriage are moved to the new sub-section for medicines for medical abortion. In addition, the Expert Committee noted the advice of the decision by WHO to remove the boxed text associated with the listing for mifepristone - misoprostol.
