Recommandation du comité d'experts

Following the review of the age-appropriateness of formulations on the EMLc, the Expert Committee recommended a note be added to the listing of oral vancomycin on the EML and EMLc to indicate that the powder for injection dosage form may also be used for oral administration. Following the review of the age-appropriateness of formulations on the EMLc, the Expert Committee recommended that the range of strengths of metronidazole tablets be replaced with reference to specific strengths on the EML and EMLc.
