Summary of evidence and Expert Committee recommendations

In 2015, as part of the comprehensive review of cancer medicines undertaken by the Expert Committee, listing for dacarbazine on the complementary list of the EML for use in treatment protocols for Hodgkin lymphoma was specifically endorsed and it was added to the complementary list of the EMLc for this indication. The relevant extracts from TRS994 regarding the Expert Committee's 2015 consideration of treatment protocols for Hodgkin lymphoma in adults and in paediatrics are attached.
